**The Deadline to Submit an Application is:
November 15, 2017 @ 11:59 PM EST**

Background

The American College of Radiation Oncology (ACRO) Resident Committee is offering a funding opportunity for Resident members of ACRO. The committee is acutely aware of the benefit that monetary support for small projects can provide. Therefore, the committee will offer funds to support two **educational projects**, which can be particularly hard to fund through standard research mechanisms.

Scholarship Details

- ACRO will provide two \$2,000 grants for radiation oncology residents.
- Of this \$2,000 that is awarded, \$1,000 will be appropriated towards funding the research project, and \$1,000 will be awarded 3 months later in a second installment for the project, or can be used to travel to the ACRO annual meeting (The Radiation Oncology Summit).
- Award recipients will be notified by December 8, and the first \$1,000 will be awarded within 2 weeks of notification.
- Recipients must either present at the ACRO Annual Meeting February 1-3, 2018 in Fort Lauderdale, FL, or submit an interim report to the Resident Committee by that date. The final report must be given by mid-May.
- The travel portion of the scholarship will be provided after the presentation at The Radiation Oncology Summit or after the report is provided.
- Final acceptance and disbursement of funds is subject to review by the ACRO Resident Committee.

- Applicants must be members of ACRO and in good standing in a U.S. residency program.
- Applicants must list a primary mentor for their project.
