Dear Colleague,

Last year we changed the name of our annual meeting to *The Radiation Oncology Summit* - and it worked. A summit is a meeting where top people in a field gather together to learn from each other and improve their specialty. That's what happened.

ACRO's annual meetings have always been a relaxing and friendly experience, in contrast to so many other big national conferences where the pace is frenetic. At ACRO's *Summit*, attendees have the time to talk to each other and to the invited speakers in an environment of mutual respect and learning. And from social activities and other networking opportunities, education also occurs outside the lecture hall. Our goal is to make sure you leave the *Summit* with the latest knowledge and skills that can be implemented immediately as soon as you return to your practice.

In addition, every session is eligible for a SAM to cover your ABR MOC requirement for a full year - all in one place and at no extra cost. We look forward to welcoming you to our 2019 *Summit* in Orlando.

### Learning Objectives:

At the conclusion of the conference attendees should be able to:

1. Implement the latest scientific advances into evidenced based standards of care in radiation oncology.
2. Demonstrate competence in billing and coding for radiation oncology treatment in the face of increased governmental regulation and financial cuts.
3. Evaluate the treatment of acute and long-term complications of radiation therapy for Breast, CNS, Endometrial, Gastrointestinal, Genitourinary, Head & Neck, Lymphoma, Sarcoma, and Thoracic Malignancies in order to improve patient outcomes.
4. Describe and apply state of the art treatment management for Breast, CNS, Endometrial, Gastrointestinal, Genitourinary, Head & Neck, Lymphoma, Sarcoma, and Thoracic Malignancies.
5. Interpret the changing political, economic, and regulatory health care environment in order to survive the year ahead.
6. Link clinical/practice updates to address clinical controversies in tumor boards and grand rounds.

### Accreditation, CME Credits and Disclosure:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Indiana State Medical Association (ISMA) through the joint providership of Community Health Network and the American College of Radiation Oncology. Community Health Network is accredited by ISMA to provide continuing medical education for physicians.

Community Health Network designates this live educational activity for a maximum of **19.5 AMA PRA Category 1 Credit(s)**<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

While offering the CME credit above, this activity is not intended to provide extensive training in the field.

ADA accommodations are available upon request.

Community Health Network has implemented a process whereby everyone who is in a position to control the content of an educational activity has disclosed all relevant financial relationships, with any commercial interest. In addition, should it be determined that a conflict of interest exists as a result of a financial relationship, it will be resolved prior to the activity.
